INTRODUCTION

Those who remember the Tri-ang TT trains of the 1950s and 1960s do so with fondness. Uniquely British, this approx 1:100 "Table Top" scale was almost lost when Tri-ang discontinued manufacture in the 1960s. Revived by 3SMR (3mm Scale Model Railways). We are the only company supplying a full range of 3mm to 1 foot scale railway models and accessories today.

Although 3SMR was established around 40 years ago, its success is largely down to the endeavours of Malcolm and David Brenchley, who took the company over in 2004. Keen TT modellers themselves, their first commissioned TT layout was by the acclaimed artist David Sheppard. Since then, the business has become the foremost supplier of 3mm scale TT railway products across the world.

We manufacture our own range of highly detailed TT kits; the 100-2-1 series is back in stock, recognised as the most finely detailed on the market. Extending the range by the recent acquisition of Finney and Smith Kits. Original BEC and GEM masters upgraded to modern standards, with incredible detail and accuracy. Railway modellers regularly win competitions using 3SMR kits.

3mm TT gauge is especially popular with those who enjoy building kits, achieving the perfect balance of fine detailing with compact size. The 3SMR catalogue has everything the modeller needs to complete a working layout from scratch. With wheels, body frames, motors, gearboxes and scenics. The range includes original 12mm gauge, and now 13.5mm intermediate and 14.2mm fine scale P3 track.

The new resin body Diesel kits, complete with DCC ready to run chassis, are simple snap together, glue and paint kits. We also stock the full range of PIKO high quality, low cost, ready to run, and Roco continental TT range. (see pages 10-11)

For a large range of Triang TT refurbished stock see www.3smr.co.uk/shop. Triang products are not listed in this catalogue, as they are only available online.

We also have a separate web site www.motorbogies.com from which you can order 2 or 3 axle motor bogies and Tender Drives for all scales.

You may place orders via the order form with this catalogue or use the on-line order form using credit cards via PayPal. You can also contact via telephone on 01737 761919 between 9am. and 7pm, and pay by card. By using the open cheque system we can ensure you pay the current prices and delays are kept to a minimum. For the latest prices please check our web-site www.3smr.co.uk.

The Royal Mail now class many items as dangerous, including: paint, electronics, glue etc. An extra minimum £15 courier handling charge may apply.

David and myself have been long time modellers in 3mm TT and members of the 3mm Society. Ask us for a leaflet, as there is a wealth of products and experience available to society members.

Malcolm Brenchley

SM192	Rough Grass - Beige	£ 5. 50
SM1410	Real Loco Coal for tenders 50g	£ 2. 20

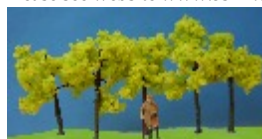

Basic grass cover is Summer Grass Mat SM21 laid on the scenic contours made with formers of modelling foam and packaging cardboard covered with strips of SM100 Mod Roc plaster bandage.

Long grasses SM190, 191 and 192 Rough Grass in light green, dark green and beige, together with Flock Scatters SM 170,171,172 and 173 enhance the effect.

The ground finish is completed with sprinklings of coloured foliage scatters SM150, 151, 152, 153 and 154.

Trees are from our 25 piece pack of mixed deciduous and fir trees SM121 and Seafoam Trees SM124 (approx 50 trees per box). Using upholstery spray adhesive glue Flock Scatters SM170, 171, 172 and 173 followed by a very light covering of Foliage Scatters SM150 to 154 gives the final texture for a perfect tree. Rock faces were made from SM119 fine plaster applied directly to the Mod Roc scenery base. We also supply the Woodland Noch Scenics Range of Foliage.

Please see website www.3smr.co.uk for full details.

Electronic components for model railways. Colour coded ribbon cable for easily traceable connections from board to board via the 25 way Dee connectors, mounted flush or cased. 3mm diameter indicator LED's joined in series with a resistor. Bezel holds the LED neatly in a control panel. DPDT Double Pole Double Throw switch to isolate track sections with Centre off position and select between 2 controllers. DPST Double Pole Single Throw switch used to control slow motion point motors. Push On for isolation sections of track, Electromagnetic uncouplers and used to select capacitor discharge controlled Seep or Peco point solenoids.

GENERAL INFORMATION & TRADING TERMS

PAYMENT:- Creditcard, Cheque, or Postal Order made payable to "3mm Scale Model Railways" or "3SMR". To avoid unnecessary correspondence and additional cheque's, please use the "signed restricted open cheque's" system where you sign the cheque leaving the cash amount blank so that we can enter the correct figure for the goods and postage actually sent. For your protection you fix a limit, allow at least 10% leeway by writing across the cheque "NOT TO EXCEED £ xx". Cheque's are not presented until the goods have been dispatched unless the items are being made to order.

We offer Pay Pal payment facilities via the Internet, please refer to the Web Site **www.3smr.co.uk**. On completing the online order form we send you an invoice, via Paypal for all goods we have in stock ready for dispatch. Paypal then take your card details via their secure site, and notify us once payment has been received and we immediately dispatch the goods.

There is no minimum order value. We try to keep stocks of every item we sell, but when an item is out of stock it can take a while to have fresh supplies manufactured, often within two months but some suppliers only run an item once every two years, due to the small volumes and the specialist processes's involved. Please supply a phone number as this helps us keep you informed of an orders progress. **POST & PACKING CHARGES:-**

£7.50 for all UK Orders. Small items will be dispatched by First Class Signed for Post.

Larger orders by 2nd Class or Parcel Post.

£13.00 for all Overseas Orders up to 300g sent Airmail

We recommend all overseas orders are conducted via the Internet as it allows trouble free credit card payment via Paypal in any currency. Goods can also be dispatched on receipt of a UK Cheque, made payable to "3SMR". All transactions are in STERLING

Please use e-mail to correspond for prompt replies tt@3smr.co.uk

GENERAL:- PRICES CHARGED WILL BE THOSE RULING AT DATE OF DESPATCH

Every effort has been made to ensure the accuracy of this Catalogue. However, no responsibility can be taken for any errors which may exist. Descriptions and dimensions quoted are approximate and intended for guidance only.

THIS CATALOGUE SUPERSEDES ALL PREVIOUS 3SMR CATALOGUES AND PRICE LISTS
